Distributed by Harvard University Press

Tuesday, June 18th 12:00-1:30pm
Fred Hutchinson Cancer Research Center
Arnold Building, Room M1 A303
Seattle, WA 98109

Beauty without the Breast is a personal testimony of life with cancer, and an account of treatment received in Mexico and at the Seattle Cancer Care Alliance. It is also an appeal to the importance of the voice of women in securing better health and a call-to-action for expanded access to care and control in low and middle income countries.

Join us for a presentation by the author, Felicia M. Knaul, with comments by
